

# How to register DIME product serial numbers

This is very easy to do. But, the first thing you must remember is that DIME serial numbers must be registered through the “Activate” function in Embroidery Tool Shed. They are not registered through the Amelie Scott web site.

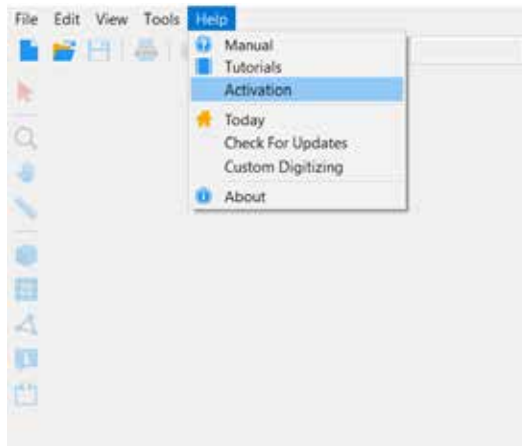

**Before you begin:** make sure that you have downloaded and installed Embroidery Tool Shed. If you don’t already have it, you can download Embroidery Tool Shed from the following link. <https://bit.ly/asd-ets> |

You must register My Quilt Planner, then you can register the Edge-to-Edge Plug-in for My Quilt Planner.

**Register My Quilt Planner** -- if you have not already registered My Quilt Planner, please take the following steps. If My Quilt Planner is already registered, skip to the next section.

**Step 1.** Launch Embroidery Tool Shed.

**Step 2.** From the menu bar, select *Help > Activation*. The Activation panel displays.

**Step 3.** Select *My Quilt Planner* from the product drop menu at the top of the Activation panel. The activation panel changes, to allow you to enter activation information and your serial number.

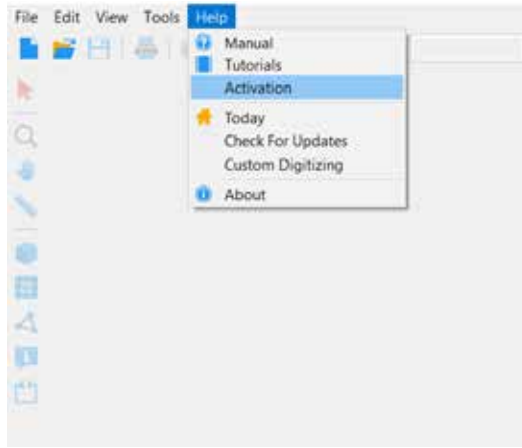

**Step 4.** Complete the form, enter your Serial Number in the appropriate field, and click the *Register* button.

**Step 5.** Close and re-open Embroidery Tool Shed. My Quilt Planner will show as activated in the Shopping Cart. You are now ready to activate the Edge-to-Edge Plug-in for My Quilt Planner.
